My name is Gyung Hye Huh, Dean of International Affairs at Inje University. First of all, I am very thankful for your effort to teach Korean Language and spread Korean Culture all over the world.

I would like to introduce 2025 GKS (Global Korea Scholarship) undergraduate program for the students who desire to study in Korea. GKS is designed to provide higher education in Korea for international students with the aim of promoting international exchange in education as well as mutual friendship amongst the participating countries. GKS students who are to study at Inje University will receive with **a very comprehensive financial package which consists of a full tuition & fee, monthly stipend, round-trip airfare, health insurance, university hospital fee reduction, TOPIK application Fee, cultural tours, etc.** Especially, GKS students from the Korean War participating countries can be granted F-2 Visa which allows long term residence and employment in Korea after they successfully finish the degree programs.

Inje University is rooted in Paik hospital founded in 1941 and has 4 university hospitals, and has been recognized as one of the most prestigious private universities in Korea. Leiden University World Ranking 2024 shows that Inje University overall ranks **#38** in Korea. Also, Inje ranked **#42** in the country at QS ASIA University Rankings 2024. **Most importantly, Inje has been selected as an Outstanding University for Managing GKS scholars in 2023. And selected as one of the 30 Glocal Institutions by the Ministry of Education, Inje University will receive 100 billion won in support over the next five years.**
